Facial Toning Exercises: [Live Video] Watch Tone And Lift Face Exercises In Action

I got a kick out of watching this video demonstrating facial toning exercises. You look kind of silly doing it but the lady in the video says that it works to tone and lift your cheeks and it is definitely better and a whole lot cheaper than face lift surgery. Just be sure to do these face toning exercises when you are alone.

The video is below, but when you're done, make sure you check out the link just underneath the video for the full story...

If you found that video as helpful (albeit funny) as I did, you'll almost certainly get a ton out of this simple step-by-step face sculpting program, Face Fitness Formula... to get rid of face fat, chubby cheeks and double chin.
